

With help from a \$50,000 grant from the Ethel and James Flinn Foundation, the UDM Counseling Clinic will evaluate its Emotional Skills Building Curriculum (ESBC), designed to address anger and coping from a developmental perspective. The ESBC focuses on helping clients improve their capacity to regulate emotions based on how people initially develop these skills.

The Clinic has been using the ESBC treatment method since 2004, mostly for clients referred by local district courts in Wayne and Oakland Counties. Clients referred for anger management, domestic violence or other emotional control issues account for 47% of all referrals to the Counseling Clinic. Clients referred for anger management or domestic violence receive group and/or individual counseling.

Kresge Funds Early Childhood Development in Detroit

A \$30,000 investment from the Kresge Foundation will support the development of a Detroit Early Childhood Development Ecosystem Map that will illustrate the key components, organizations, resources and activities of early childhood development in Detroit.

The Detroit Collaborative Design Center (DCDC) is leading the project and will engage various city stakeholders including community organizations, organizations providing early childhood development services and supports, and others in developing the system map. DCDC will bring together a work group that will help define the

InfoEd SPIN

SPIN is an extensive funding opportunity database which contains over 40,000 opportunities from more than 10,000 sponsors. It's available through the OSPRA website, the UDM Libraries database website, and also at www.infoed.org. By creating a profile, you can save searches and receive email alerts. Instructional videos are also available on the site. If you have any questions about SPIN, don't hesitate to contact the OSPRA. SPIN is generously funded by the UDM Libraries.

Foundation Directory Online

Foundation Directory online contains over 108,000 U.S. foundations and corporate donors, over 3 million recent grants, and over half a million key decision makers. FDO can be accessed at www.foundationcenter.org. Please contact the OSPRA or Corporate and Foundation Relations for login information.

Grants Review Team (GRT)

The GRT was created to connect non-tenured faculty with colleague mentors who have an established record of success in obtaining external grant funding.

Mentoring can take several different forms:

- individual consultations prior to beginning work on a major grant proposal,
- questions about specific sections of the proposal,
- critiques of one-page overviews, or
- critiques of complete proposals.

Profiles of GRT members, including agencies which have funded their work, keywords for their research interests, and recent publications, can be found on the OSPRA website:

<http://www.udmercy.edu/academicaffairs/ospra/grantsreviewteam/index.htm>

For other resources, such as video tutorials about grant budgeting, information commonly required in grant applications, compliance requirements and internal processes, please visit the OSPRA website at

Please Remember to Certify Your Effort!

If you have time and effort charged to a sponsored program, please help us stay in compliance with federal regulations by certifying your effort! We accept paper reports as well as electronic certification in TitanConnect self-service. Effort reports are due on January 31 (for fall term) , May 31 (for winter term) and September 30 (for summer term).

VIDEO ABOUT TITANCONNECT CERTIFICATION

To assist you in better understanding the process, the OSPRA has developed a short video for your viewing. Please view the following four-minute video for more specific instructions on certifying effort using TitanConnect
